men opposite under the circumstances that now surround Mr. Barnum. The great "showman" did not appear downcast. He appreciated the kindness of his fellow-citizens, and to all declared his intention of building a Museum that should be the pride of New York City.

CARD FROM MR. BARNUM.

Grateful for the universal feeling of sympathy expressed for the loss of the American Museum, and not unmindful of the immense patronage which has been bestowed upon my efforts to please for the last quarter of a century, I have resolved, in compliance with your urgent requests, to erect immediately in this city a sumptuous hall which will be an ornament to our street-motels and an honor to the country. An expenditure of twenty-five cents will be required monthly to duplicate in Europe and America every specimen of natural history which adorned my late museum, and from historical societies and other sources within my knowledge, I can easily supply the pieces of the collection, and I trust that you will be pleased to let me know when I shall be in a position to begin the erection of the new building. In the meantime, I have been obliged, for want of room, to reject many rare and valuable curiosities stored in the museums and private collections of Europe, which I shall now have the pleasure of placing before the American public; and I risk nothing in saying that before many months elapse I shall, if this be spared, open to the public a popular place of instruction and entertainment, which will be a source of interest and enjoyment to any ever before known upon this continent. I shall despatch a special agent to Europe on Saturday next, and shall soon follow myself, in order to carry out with business representations abroad the above plan.

MUSIC AT CENTRAL PARK.—There will be music on the Mall at the Central Park this afternoon. The following is the programme:

THE STREETS.—Yesterday morning the contractors put on a strong force of men and horses, and the street-cleaning began in good earnest. A number of the Wards have been thoroughly cleaned. The Thirteenth, the Fourth, the Sixth, the Tenth, the Eleventh, the Fourteenth, and the Fifteenth, are now cleaner than they have been for some time past. A diabolical outrage was committed in the First Ward, by some persons unknown, on Friday night, who went into the stable occupied by a man named Madden, in the employ of the contractors, and cut off one of the poor animals legs. Several applications for work we received yesterday at the offices of S. Tracy Row. All the streets at the east side of the city were yesterday swept, except Mulberry street. There is some garbage in Centre street, however, which will be removed to-day.

The Comptroller paid off a large number of the old street sweepers yesterday. A meeting was to be held at the City Hall at 10 o'clock, but for some reason which did not appear, the President adjourned it as soon as organized. It was understood that he feared excitement, and did not wish any man to commit himself by a breach of the peace.

THE FIRE COMMISSIONERS.—Yesterday transacted a large amount of unimportant business. Hose Co. 47 sent in a petition for an engine, laid over for future action. THE SAengerfest FESTIVAL.—Arrangements for this great exhibition of the German Singing Societies have been made on a grand scale at Jones' Wood. Messrs. Schmidlin & Co., of the hotel at Jones' Wood, have provided everything required to make the stay of the outside delegations pleasant, and the different singing societies of this city will doubtless greet their friends from other places in accordance with the traditions of other days, and make this Saengerfest one of the memorable events of the metropolis.

FIRE.—Shortly after midnight on Thursday a fire was discovered in J. Totten's carpenter shop, 157 West 55th street. The flames spread rapidly, and soon Nos. 153 and 155 were owned by F. Bailey. ADDITIONAL ARRESTS.

The thieves and pickpockets were not very successful at this fire, there being altogether too many eyes upon them for safety. The following arrests, in addition to those mentioned yesterday, are furnished by the police returns:

Yesterday, Mr. Charles Knox, the hatter, entered a saloon before Justice Russen against John Totten, changing him with another's hat, worth \$100. Totten admitted it, and had the hat in his possession.

The detective police arrested Charles D. Davis, Wm. Jones, George Clark, Michael Doherty, John H. Morris, George Practice, Robert Adams, John Sullivan, James Mahony, John Sparrow, John Kline, Edward O'Brien, and Michael Colton, on suspicion of being pickpockets. The man was locked up on suspicion right, and as there were no complaints against them, they were discharged yesterday by Justice Russen.

At 10 a.m. yesterday afternoon the members of Engine Co. No. 56, while repairing their fire, saw a man leave the engine, at the corner of Chambers and Church streets, and take a quantity of clothing from the fire box, with which he ran away. Peter Sheehan, an inmate of the engine, and a member of the crew, and a few others were found in the procession.

At 10 a.m. yesterday morning, a pickpocket, who had been seen with Frank Barry, living at 6 Hamilton st., while the latter was looking at the surveillance. Sheehan arrested the thief and returned the watch which was taken from him.

Surgeon's Court.—During the past week, the Surgeon has admitted to probate the wills of the following-named persons:

Walter Sherman, William Rhodes, Henry Cox, James Thompson, Robert Kilian, Samuel Lorne, George Jones, John M. Newell, Victor Buchanan, Bartholomew Michael, Aspinwall, R. W. and John Vaughan, and a number of others.

Police Intelligence.—*Thieving.* Patrol on a Woman.—Yesterday afternoon James Murphy, who lives at No. 38 Monroe street, threw a quantity of vitiated into the face of Mrs. Williams, a pretty girl, with whom he had been living. Her face was terribly burned, and it is feared that she will lose her sight. Officer Buckley, of the 4th Precinct, arrested Murphy, and he was locked up to await an examination. Jealousy is supposed to have been the cause of the attack.

Thomas Riley was arrested by officer Cooks of the 2nd Precinct. Cooks, while putting under guard the thief in front of the window on Thursday evening, had in his possession a silver watch (No. 142), which had been twisted from a woman, and a diamond silver chain, on which he had fastened "T. E. Buckley." Justice Hogan committed Riley for examination, on suspicion of having stolen the watch. Judge Buckley, after a trial of five hours, sent him to the 17th Precinct, where he was remanded as having been stolen from Mrs. F. L. Rogers' store, No. 214 Broadway. Yesterday the police examined the accused for examination.

A DISCOVERY.—The Sun pince was, as has already been mentioned, selected as a place of refuge by some of the living curiosities from Barnum's, on the afternoon of the fire. It was supposed, up to the hour of going to press yesterday morning, that all these curiosities had taken their departure; but about day-break, an employee in the counting room discovered a huge Galapagos turtle, which had been "dropped," and was hidden away among some bushes under a counter. His tortoise was dragged forth, and placed in the proprietor's private office for safe keeping. A short time after this, our most reliable reporter (who scours the impunitus) that he had something to do with the Sun's escape from the editorial chair with glee of the Sun's spread out before him, and great tears of chagrin rolling from his tender and youthful eyes, as he perused the graphic description of the unhappy fate of his late follower on the "Grand Road" of the Museum—so wit! The tiger, bear, whale, elephant, caiman, rhinoceros, hippopotamus, walrus, sea-lion, zebra, lion, monkey, etc., that perished in the flames. The Sun's reporter was rather angry and ungrateful, but when he was told that the reporter overlooked the "biggest" news, then swallowed the allusion; the "biggest" was the "Stage of the sunburned;" the Sun's reporter swallowed the "I" hand and then recited it to his master, in all his magnificence. This may be deemed improbable by some persons; but not so much as the record of a man in Philadelphia who was found in his possession.
